December 2013

Dates to Remember:

Dec. 7 - Winter Program

Dec. 7 - QISS Holiday Gala and Silent Auction

Dec. 14 - Winter Vacation!

Grade 2 in the Talent Show!

Grade 2 was well represented in the talent show by Noah, Alex, and Yuri. They showed great courage by performing in front of the whole school! All three of them did an excellent job representing Grade 2 and QISS. Thanks again to the PTA for providing refreshments!

Hello Grade 2 Parents!

Grade 2 has continued their excellent work with the 6+1 Traits of writing, studying to improve their Ideas and Word Choice. We have been studying adjectives in Literacy, which the students started by writing down all of the adjectives they could think of to describe the SpongeBob characters.

The students then practiced using adjectives in their writing by describing their own Class Dojo Monster. The students have learned that adjectives are an important part of including good details in their ideas when writing. Grade 2 has also been practicing descriptions in Science, where we are learning about the states of matter – solid, liquid, and gas. The students can describe matter, and the structure of the atoms inside each state of matter. They are doing outstanding work in class!

Rock Climbing in P.E. with Mr. D!

The students were very courageous this week as they went climbing on the QISS rock wall. After learning the safety rules from Mr. D, they took turns climbing the wall. It was awesome!
