The Healthy Sharks Snack Bar has been a great success every Friday morning! The students love being able to choose and buy their own snacks, and the Lower School Student Council has done a fantastic job giving us lots of healthy options. If you would like to contribute anything to the Snack Bar, send the food to school with your student. The money raised every Friday will be used by the Student Council to benefit the Lower School. It's a great way to eat healthy and help your school!
