April & May 2014

## **Dates to Remember:**

**Apr. 28 - May 2: No School,**

**May Labor Day Holiday**

**May 5 - School Resumes**

## Healthy Snacks

### Reminder

As we make our way towards the end of the school year, let's remember to make healthy choices. Please help your student bring healthy options for our morning snack every day. Things like yogurt, cheese, fruit, granola bars, kimbap, sandwiches, and juice are all wonderful, healthy options for a snack. Try not to send chips, chocolate, candy, or soda to school. Thank you for your help!

## Hello Grade 2 Parents!

A tornado hit the Grade 2 classroom! Last Wednesday morning, the students found a "Danger! Do not enter!" sign on the classroom door. We went inside together (slowly and safely), and we found a huge mess in our classroom! The students had to look for clues and watch a special weather report in order to find out what had happened. They were able to narrow the list of five types of storms down to one: a tornado! The class did an excellent job thinking creatively and using the clues (along with some prior knowledge) to solve the mystery. We will continue to study weather throughout Unit 4.

**Electronics Policy Reminder:** A gentle reminder that **no electronics should be coming to school** such as ipads, iphones, ipods, cameras, etc. (unless authorized or requested by the teacher) because the school will not be held responsible if any items go missing or break. All this information is in the curriculum guidebooks.

The teachers have already made these technological expectations very clear in the classroom. If a student does bring an unauthorized electronic device - the teachers have every right to take it away for the day and return it back to the student at dismissal with a note to the parent.
